Mr. Bailey asked Mrs. Reid to explain the layout and pages of the budget to the committee.

Mrs. Reid explained Form-LB11 - This is the Capital Improvement fund. The Capital Improvement Fund is subsidized predominately by system development charges and fund transfers from the General Fund. This is the account we have for reserve and is predominately used for upgrades to the existing infrastructure and equipment. Mrs. Reid stated that the goal is to transfer \$6,000 this year to the fund. She stated that the fund this year will be approximately \$134,840. The Committee did not have any questions.

Mrs. Reid explained Form-LB20 – This shows where the income for the General Fund budget comes from. She explained that these figures are estimates derived from user fees and rents income. She stated that the cash on hand could go up or down depending on who pays their bills and what we have for expenditures over the next month.

Mrs. Reid explained Form-LB-31 – This is a detailed list of itemized expenditures for the General Fund. The actuals are shown on the left and the proposed are shown on the right. The total of these general ledger accounts amounts to the total on LB-20, of \$110,111. She stated that line items one through five are the personnel budget and the remainder of the line items are the monthly expenses to do business. She stated she had increased some of the line items due to higher cost of doing business. There were no questions regarding Form-LB31.

There were no further questions regarding the proposed budget.
